

IEEE VISION | INNOVATION CHALLENGES SUMMIT 2017

An IEEE Summit and Honors Ceremony

What's Happening

The inaugural Vision, Innovation, and Challenges Summit (VIC Summit) will take place in San Francisco, CA, USA. It is intended that the VIC Summit will become IEEE's most external-facing annual event and continue to culminate with the IEEE Honors Ceremony. The day sessions will look to the future of the industry and the impact engineers have on serving the global community, while the evening's Honors Ceremony will celebrate the technological achievements that have brought us to where we are today. We must understand where we have come from in order to build upon the accomplishments of the giants who came before us.

Date

25 May 2017

Location

**The Palace Hotel
San Francisco, CA, USA**

website

ieee-vics.org

Why Attend?

- Expand your network, exchange information, and share experiences
- Participate in a fascinating journey of exploration to be on top of your game
- Connect with entrepreneurs, influential technologists, industry leaders, engineers, and others
- Get inspired and empowered
- An impactful opportunity to meet and learn from Women in Technology, and Medal Recipients
- Participate in discussions surrounding the topics of the day and get exclusive content

Who Should Attend?

- Scientific and technology professionals, academics, students, entrepreneurs, and innovators
- Non-IEEE members in industry
- Young professionals and undergraduate students
- Early and mid-career women in technology

Register by 25 April to get early bird specials!

IEEE Member:	\$275
IEEE Life Member:	\$95
Student Member:	\$95
Non-Member:	\$305
