

# IEEE North Jersey Advanced Communications Symposium

Babbio Center, Stevens Institute of Technology, Hoboken, NJ, September 17, 2016

## CALL FOR POSTERS

The IEEE North Jersey Section and its Communications, Computer and Vehicular Technology Chapters are organizing an one-day technical symposium covering communications, networks, and big data applications at the Babbio Center on Saturday, September 17, 2016. The event consists of invited presentations given by distinguished speakers as well as poster sessions by invited graduate students/postdocs. There will be plenty of opportunity to interact with presenters and network with peers at the coffee breaks, during the lunch and the closing reception.

The organizing committee is **currently inviting graduate students** to prepare a poster presentation on recent work, recent research results, and cutting edge developing technologies in communications and related fields. Masters students, PhD candidates, and post docs are encouraged to participate. The posters session will be particularly helpful for student researchers to have direct interactions with faculty, industry personnel and other peers. This will serve as an excellent platform and opportunity to network for future collaborative research and career advancement. Three outstanding posters will receive **2016 IEEE North Jersey Section Communications Poster Awards**.

### Important Dates and Submission:

1. Last date for abstract submission: **9/12/2016**.
2. Electronic version poster due: **9/15/2016**.
3. Bring your hard copy poster to the symposium on **9/17/2016**.

*(Please send your electronic version to poster session coordinator Prof. Hong Zhao at [zhao@fdi.edu](mailto:zhao@fdi.edu))*

### Award Prizes

1. First Place: \$300  
Second Place: \$200  
Third Place: \$100
2. Co-authors shall share equally in the allocation of cash awards.
