Upcoming IEEE Events

Machine Learning for Object Recognition from High Volume Radio Frequency Data

May 5 from 11:30 – 13:00 at RIT Golisano Hall - room 1435

Speaker: Dr. Uttam Majumder

The research explores application of deep learning algorithms to the task of Automatic Target Recognition (ATR) in synthetic aperture radar (SAR) imagery. The goal is to advance the state-of-the-art ATR capacity and low-power object recognition system. Dr. Majumder will discuss the technical challenge and future research on radio frequency object recognition.

Free admission. Pizza and drinks will be served. For more info, visit: <https://events.vtools.ieee.org/m/44454>

Rochester Section EXCOM Meeting - May 2th, 2017 @ 12:00 - 13:00

If you are looking for a cheap lunch (\$5 for members and \$3 for students), join us for the next monthly Rochester Section IEEE Executive Committee meeting. All current and prospective IEEE members may attend! Please join us to learn more about the Society and how you may contribute. We are always looking for new members and volunteers. **Location: Jade Garden Buffet in South Town Plaza 3333 W. Henrietta Rd, Henrietta, New York.** Please visit our website to see more upcoming events! <https://events.vtools.ieee.org/m/44002>
