Message from the Chair

Dear colleagues,

We had no EXCOM meeting in July. The next EXCOM meeting, in August, will be at RIT, and also on Webex to facilitate remote attendance at the meeting. Details will be forthcoming. We are also working on details for the summer visit to Corning. This event is going to be held towards the last week of August.

Ray Ptucha conducted deep learning workshop between June 27th and 29th at RIT. This event was sponsored by IEEE. This is another successful workshop organized by Ray.

Students are invited to submit papers to the IEEE MIT undergraduate Research Technology conference to be held at MIT during October 5-7 at MIT. See ieee.scripts.mit.edu/conference

Greg Gdowski and I will be attending the Region 1 IEEE Board of Governors meeting on 11-12 of August in White Plains, NY.

IEEE is also planning to participate in the Rochester Engineering Symposium to be held next April. The Rochester section of IEEE has participated in this symposium for many years. Those desirous of speaking at this symposium should contact David Krispinski at the next EXCOM meeting.

IEEE Rochester Section EXCOM Meeting

Our next EXCOM meeting is on Tuesday, August 7th 11:50 – 13:00 at RIT and on Webex. We will review plans for upcoming Rochester meetings within our section, chapters, and groups. If you are looking to become more engaged in IEEE in the Rochester Section, please plan on attending this meeting. This meeting is open to IEEE members.

Upcoming Events

The 2018 Western New York Image and Signal Processing Workshop will be held October 5th, 8:30 – 17:30.

See the event notice on our website – sites.ieee.org/rochester/ -- for details about this workshop and our other events.
