## Message from the Chair

Dear Colleagues,

The Rochester Section's 2022 Western New York Image and Signal Processing Workshop (WNYISPW) took place on Friday, November 4. Thanks to the great work of [Eric Zeise](#), the Rochester Section Signal Processing Chair and Section Secretary, and the workshop committee members, the event was a great success with over 80 registered attendees. It was a great example of the breadth of IEEE with signal processing topics from looking within the human body to looking back in time through the depths of space. Stay tuned for the 2023 edition of the WNYISPW.

On December 11, the IEEE Rochester Section Young Professionals will host a Buffalo Bills Tailgate before the NY Jets vs. Buffalo Bills game in Orchard Park. The event is open to IEEE members and non-members. Advanced registration is required (vTools #332193) and does not include a game admission ticket.

On Thursday, December 15, the Rochester Section will hold our Award and Volunteer Recognition Dinner (<https://events.vtools.ieee.org/m/332191>). We will recognize the 2022 IEEE Region One William Terry Distinguished Service Award recipient, [Dr. Santosh Kurinec](#), our 2022 Student Scholarship recipients: Anand Idris and Christina Nguyen, and the invaluable volunteers that keep the Rochester Section running.

The next Rochester Section ExCom meeting will be on Tuesday, January 3, from noon to 1 pm (<https://events.vtools.ieee.org/m/332190>). Please pre-register on vTools using the above link.

Stay healthy, and best regards,

## 2022 Western New York Image and Signal Processing Workshop

The 2022 IEEE Western New York Image and Signal Processing Workshop was a resounding success on Friday, November 4th. With two keynote addresses, six invited speakers, six shorter presentations and twelve poster presentations. Two of the presentations were remote. A very wide variety of topics were covered for which image and signal processing are essential. We had 81 registrants, 15 remote participants, and 43 student registrants.

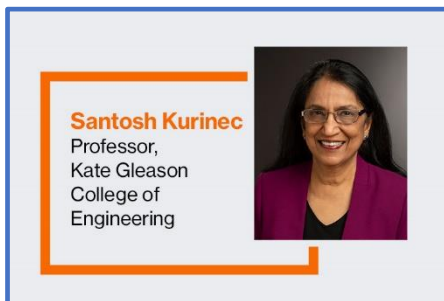

We greatly appreciate the support of our corporate sponsors: **Orolia** (underwriting major workshop cost), **Vanteon** (major help with logistics), **L3-Harris** (underwriting student costs), and **SRC Inc.**

In addition, our heartfelt thanks to all of the presenters and attendees who helped make this workshop an outstanding success for the IEEE community and the Rochester Section in particular.

## IEEE Rochester Section Recognition Dinner

The IEEE Rochester Section Volunteer and Awards Recognition Dinner will be held on Thursday 12/15 from 6:00pm – 9:00pm at Ellison Park Pavilion Lodge

*We welcome and celebrate the return to in person events!*
