Message from the Chair

Dear Colleagues,

I look forward to having our IEEE Rochester Section organize and host many valuable events in 2024. Please share your thoughts and ideas for events that we could organize that support you. Our Executive Committee plans to distribute a survey soliciting ideas to help direct our efforts.

We are currently planning two events. The IEEE Rochester Section plans to host our Joint Chapters Meeting in late March or early April to highlight and celebrate the good work being done across the many topics aligned with our IEEE Society Chapters. In addition, our Electron Devices Society Chapter together with our Photonics Chapter plan to host a workshop also in late March or early April timeframe. More details about both events will be available soon.

Our Executive Committee (ExCom) meets monthly to plan events. Our next ExCom meeting will be on Tuesday, March 5th from noon to 1:30 pm. An invitation (<https://events.vtools.ieee.org/m/399006>) will be distributed via e-mail. I invite you to attend our ExCom meetings and help us find new ways to serve our local IEEE members along with the broader Western New York technical community. Please feel free to register for in-person or virtual attendance at our next ExCom meeting using the above link.

I look forward to working with you!

Regards,

Kelly Robinson, PE, PhD

Announcing: 2024 IEEE GRSS STRATUS UAV Conference

The Geoscience Remote Sensing Society will be hosting 2024 STRATUS UAV Conference on MAY 20-22, 2024.

Dr. Emmett J. Ientilucci announces that the 2024 IEEE GRSS STRATUS UAV Conference is now accepting abstracts for talks. You are invited to review the call for abstracts using the following link:

<https://stratus-conference.com/call-for-abstracts>.

This link will provide more information about the conference and instructions on how to submit your abstract.

Annual Awards & Recognition Dinner Photos

Last month I discussed our annual dinner celebrating and recognizing the outstanding work by the Rochester Section volunteers, the RIT and University of Rochester student volunteers, and our outgoing Rochester Section Chair, Eric Brown. The dinner was also where we presented an IEEE Region 1 Teaching Award to Professor Rob Pearson of RIT's Electrical and Microelectronic Engineering Department. This month I am including additional photos from that dinner.
