

## IDEAS FOR NEW IEEE MILESTONES for REGION 1

### Software

Structured programming

High voltage transmission research by EPRI in Lennox

Raytheon Corp for magnetron & microwave oven

Underwater Signaling Company & anti submarine warfare.

FM radio broadcast station {Paxton) W1X0J

Radio broadcasting: The Yankee Network

First crystal radio receiver by GW Pickard, Amesbury MA

Early radio broadcasting stations (WEEI, WAAN, etc)

Power innovations at L-Street Power Station

John Hammond Research Laboratory (Hammond Castle)

Marconi's first US commercial wireless communication

First electric ac clock by Warren Laboratory, Ashland MA.

VisiCalc

GE plant in Lynn MA

Lighting in Schenectady

Foxboro Corp PID process controller by Mason & Philbrick

See Engineering & Technology History Wiki for details.
